Subject: Deputation regarding  
campus issues.

Respected Sir,

This is to bring your attention that we have noticed the students of College Street Campus are facing problems regarding sanitary napkin vending machine in each ladies washroom in each floor. General students are facing problem of not having Xerox centers inside the campus. Finally, it will be very helpful for the general students to have a easy access to the departmental library for their respective departments.

We would be obliged if you look into this matter and solve the issue as soon as possible.

Yours sincerely,

Samarjit Banerjee
